2 Day Lash & Brow Technician Masterclass Our 2 Day Intensive Lash & Brow Technician Masterclass is a 'Business in a Box'

The Package includes:

Brow Shaping (Waxing & Tweezer) Brow Lamination Brow & Lash Tint Lash Lift Classic Lashes

Brow Shaping

This session will show you how to shape eyebrows professionally to give a really professional and stunning look which will enhance your clients eyes.

Both waxing and the use of tweezers will be demonstrated with practical sessions for you to perfect your technique

Brow Lamination

This session is designed to provide you with the skills and competencies to give your clients a uniform, full eyebrow shape. This is the ultimate solution for eyebrows, that do not have symmetry where the hairs follow a different pattern. Lamination allows you to realign the brows in such a way to give them the desired shape they want.

This treatment solves the messy brow issue, creates volume and fullness, while giving you a sleek well-kept brow shape for up to 2 months.

Brow & Lash Tint

This session is designed to teach you the specialised skills to be able to competently perform tinting (lashes and brows) from home and/or mobile.

It will equip you with the skills and confidence to offer these highly requested treatments, desired by many for enhanced, defined eyes and brows without the need for make-up application.

Lash Lift

This is designed to teach you the skills to be able to competently offer this service to your clients. This treatment, working to dramatically enhance the eye and reduce the need for daily make-up application, therefore proving to be extremely popular treatment to offer from home and/or mobile, especially when offered together with Lash Tint

Classic Lashes

This session is designed to teach you the popular technique, used by many, to enhance the eyes with synthetic extensions to give the appearance of longer, thicker natural lashes. Not only will you learn how to effectively apply and remove lash extensions you will also learn how to accurately adapt the application process to the client's particular eyeshape, for the desired effect.
